

Beekeeping Regulations Scoring Card

Scoring Card for the Village/Municipality/County of: Village of Burr Ridge, Illinois				
Date of Score Card 1/9/2016				
Contacts Community Development Director, Douglas Pollock (630) 654-8181 Ext. 3000				
Guidelines for this form: If score deductions account for more than 40 points of score lost, this form is not necessary to be completed beyond that point and the grade issued will be an F.				
Grading Point	Max Score	Score	Notes On Score	Scoring Description
Beekeeping Activities (55 pts)				
Allow beekeeping activities.	35	35	Section IV-H3 part E provides for beekeeping as a hobby only on residential property. http://www.burr-ridge.gov/community-development/sign-regulations/ The current zoning ordinance file is #834.	If beekeeping is allowed score = 35; If beekeeping is allowed but only on lots larger than 1 acre score = 30; If beekeeping is allowed only as special use score = 20; If beekeeping is not allowed score = 0;
Allow colony density based on size of non-agricultural lot size.	10	5	Section IV-H3 part E allows residential property owners to have two hives on lots up to 80,000 sq feet. Lots over 80,000 sq feet are allowed four.	As described in FDACS-08492 (Florida DOA). If max # of colonies grows with size in the manner described or no limit then score = 10; If max number grows with property size indefinitely score = 9; If fixed limits are set then the score = 5; If limits are vague, require an extremely large lot, or do not vary by lot size then score = 0;
Allow for nucleus colony production and swarm reduction during the season.	5	0	Section IV-H3 part E allows residential property owners to have two hives on lots up to 80,000 sq feet. Lots over 80,000 sq feet are allowed four.	As described in FDACS-08492 (Florida DOA). If nucleus colonies are allowed to be produced based on the size of lot then score = 5; If max number grows with property size indefinitely score = 4; If a fixed number are allowed then the score = 3; If no nucleus colonies are allowed then score = 0;
Allow unrestricted beekeeping on agricultural land.	5	0	There is no specific agricultural zoning in the village.	Yes = 5; No = 0
Zoning and Permitting (25 pts)				
Allow Beekeeping on all zoning types	5	3	The village currently has no zoning that specifically allows beekeeping businesses, but that does not mean that it could not change.	If all single family residential, commercial, and industrial are allowed score = 5; If only residential allowed or only commercial/industrial allowed score = 3; If no
No local permit required to be a beekeeper	5	5	Zoning would have to be created to allow more beekeeping activities within the village.	If permitting is not required score = 5; If permitting is required to start apiary score = 4; if permitting must be renewed every year score = 3;
No excessive permitting costs	5	5	Zoning would have to be created to allow for beekeeping within the village even on commercial/industrial properties.	If permitting is not required or the permit costs no money then score = 5; If permit is one time fee less than \$20 then score = 4; if the permit is a one time fee of more than \$20 score = 3; if permit has a or has a reoccurring fee score = 2;
Excessive extra construction costs or setbacks to have an apiary on property	5	5	The village has none at this time.	If no permanent structures or setbacks may be required score = 5; If setbacks may be required score = 4; If setbacks are always required score = 3; If fences or other permanent structures may be required depending on circumstances score = 2; If fences or other permanent structures are required under all circumstance score = 0;
Business Related Activity (25 pts)				
Allow for the sale of honey/hive products from on premis colonies	5	0	No sales from residential property are allowed. Beekeeping is only allowed as a hobby per zoning ordinance. http://www.burr-ridge.gov/community-development/sign-regulations/	If all types of sales are allowed regardless of zoning score = 5; If residential honey sales are limited score = 3; If no sales are allowed score = 0
Allow for the sale of honey/hive products from colonies not on premise	5	0	No sales from residential property are allowed. Beekeeping is only allowed as a hobby per zoning ordinance. http://www.burr-ridge.gov/community-development/sign-regulations/	If all types of sales are allowed regardless of zoning score = 5; If residential honey sales are limited score = 3; If no sales are allowed score = 0
Allow for home/farm based beekeeping business	5	0	No sales from residential property are allowed. Beekeeping is only allowed as a hobby per zoning ordinance. http://www.burr-ridge.gov/community-development/sign-regulations/	If business activities are unrestricted score = 5; If there are restrictions to business activities to a home based business score = 3; if no beekeeping business are allowed score = 0;
Allow beekeeper to place signs on beekeeping vehicles.	5	0		Yes = 5; No = 0
Allow beekeeper to place a sign for honey sales on property.	5	0		Yes = 5; No = 0
TOTAL SCORE (100 pts max)	100	58		
Letter Grade: F				

Scoring Legend

Letter Grade Score = Bee Friendliness	High	Low	Description
A	100	90	Extremely friend to bees and beekeepers. This is an excellent city to keep bees in.
B	89	80	Moderately friendly to bees and beekeepers. This is a good city to keep bees in.
C	79	70	Somewhat friendly to beekeepers. Beekeeping should be considered, but be careful.
D	69	60	Beekeeping may be considered, but be very careful.
F	59	0	Not friendly to bees or beekeepers. Municipal code should be changed.
